

Deposit Contract for Litter B

Sire-Vlatimer Dam-Faith

Estimated time for Adoption-July-August 2009

We are currently accepting deposits for our next litter which we anticipate will be ready for adoption in July or August 2009. In order to reserve a pup from this litter, we must receive this written pup request form along with a 500.00 deposit. Once the deposit and form is received, we will send you back a signed copy of the contract along with a receipt for your deposit. All deposits are non-refundable unless under the circumstances that both a particular sex and color was desired and was not produced in this current litter

For those buyers requesting a particular gender or coloring, please complete the section under particular pup request. We will notify all buyers with these specifications within 10 days of the birth of the pups to let them know if their desired pup was produced, if so, that puppy will be reserved for them and will be ready to be picked up around 6 weeks of age or until they have been checked by the vet and had initial shots. If litter does not produce the specified pup, buyer has the option to either have their deposit refunded to them, or they can decide to consider another pup in the litter. If they decide to consider another pup, they must let us know with 3 days after seeing the pup if they would like that pup reserved.

For those buyers, who would like to have their choice of pup in order of deposit received and do not currently have any specification on the pup, but would like to make their decision after seeing the pups, please complete the section below. Buyers must come visit the pups by 4 weeks of age and make their decision within 3 days after viewing the pups. Again, the pups will be ready for pick up around 6 weeks of age.
